

**Ameren Transmission Company of Illinois'
Response to Stop the Power Lines Data Requests
Docket No. 12-0598**

**Petition for a Certificate of Public Convenience and Necessity, pursuant to Section 8-406.1 of the Illinois Public Utilities Act, and an Order pursuant to Section 8-503 of the Public Utilities Act, to Construct, Operate and Maintain a New High Voltage Electric Service Line and Related Facilities in Various Counties in the State of Illinois.
Supplemental Response Date: 5/9/2013**

STPL 5.02S

ATXI's response to data request 4.4 indicates that ATXI believes it could construct its proposed 345 kV transmission line on ATXI's Primary Route by utilizing the Modified Route, if necessary, to avoid the EWPP Floodplain Easement.

- A. Please identify every document, exhibit, map or testimony by page and line number upon which ATXI relies to support its contention that the Modified Route is part of ATXI's Primary Route;
- B. Please explain the basis for ATXI's contention that the Modified Route is part of ATXI's Primary Route;
- C. Identify every map filed by ATXI in this proceeding in which the Modified Route is depicted; and
- D. State the date and time that ATXI posted on its extranet website used for discovery in this proceeding, its response to STPL data request 4.4.

RESPONSE

**Prepared By: Erika M. Dominick
Title: Regulatory Paralegal
Phone Number: 314-554-3649**

- D. ATXI objects to this request. Further, the information is irrelevant and immaterial. Without waiving the objection, STPL 4.04 was issued on March 14, 2013 at 4:30 pm, with a response date of March 28, 2013. The response to STPL 4.04 was published to the Extranet on March 28, 2013. The site does not provide for the time of posting.
